Recorking 101

Many people enjoy a romantic dinner with a glass of wine to celebrate Valentine's Day. In some cases, patrons may not be able to finish an entire bottle of wine with their dinner. Be aware that there is a way for customers to take their wine home with them.

A restaurant patron may take home a partially consumed bottle of wine from the premises under the following circumstances: (KRS 243.115, 243.117)

1. The wine is ordered with a meal.
2. The bottle is securely resealed by the restaurant licensee and bagged.
3. Licensee provides a dated sales receipt of the wine and dinner purchase.
4. Customer secures the bagged wine in a locked glove box, trunk, or other area that is not a passenger area.

Friendly Reminder

Please be proactive when planning to apply for a Special Temporary License Application. These applications must be filed at least five working days prior to the date for which the license is requested. The Department of Alcoholic Beverage Control will deny any Special Temporary License Application that is not received by the department at least five working days before the requested license date. Also, make sure to have the local administrator's approval before submission. Temporary license applications also will be rejected if they lack local administrator approval as required by KRS 243.370.

Coming Soon

You asked, and we listened! In the spring of 2015 the Department of Alcoholic Beverage Control will be launching an online version of the STAR training program. The online course will closely mirror the classroom training but will offer the ability to train when convenient. Check with your local administrator to see if online training is accepted in your area.

Classes will still be held on a rotating schedule around the Commonwealth for individuals who wish to take a classroom training.

More details will be shared on the Department's website; abc.ky.gov, and on the Department's facebook page closer to the release date.

Important Payment Information

All checks and money orders written to the Department of Alcoholic Beverage Control, must be made payable to the

Kentucky State Treasurer, with no abbreviations. If not, then the check or money order will not be accepted.
